

Table of Contents

TL;DR

For a tl;dr please read the 'README.md' file in the root of the directory of the repository.

Installation Guidelines

Both of these sections are contained within the 'README.md' file.

Config Install Guidelines - Guidelines for installing and configuring the website.

Deployment Guidelines - Guidelines for deploying the source code, database and running the project on any server.

Developer / Contributor

Key Classes - A rundown of the key classes in the code.

Arch - A picture of the architecture diagram.

Database Structure - A rundown of the database structure.

API Documentation - Goes through the format of requests to the backend database.

Project Motivation

User Stories + Personas - Goes through the user stories that were used for this project.

Traceability Matrix - Shows the tests for each of the project requirements.

Additional Information

Licensing - All information about the licensing of this project.

Change Log (pdf and txt) - A pdf file of the change logs to date upon handover. The text file remains updateable.

Test Cases

Test cases will be exported and added to the code repository under the folder "/tests".
